

WHAT DOES A PLEASE LIVE EVENT LOOK LIKE?

Please Live believes in being flexible and creating unique experiences for your students.

We can pretty much bend to any size audience, any age group, and any time limit that we are given. Here are a few different ways we can tailor our program to fit your needs!

Have something else in mind?

We'd love to work with you to make our presentation have the most impact for your school!

Visit www.pleaselive.org or email support@pleaselive.org for more information on how to schedule a Please Live event for your school!

1 MENTAL HEALTH FAIR

Designed similar to a college or job fair, a mental health fair would feature an open design in a gym or auditorium and last throughout the school day where students could walk in at their convenience and look around at different agencies and presentations.

2 SPECIAL ASSEMBLY

In a special assembly type presentation, we would have students gathered together to listen to our presentation lecture-style. We'd include many different media types in a special assembly, including videos, music, guest speakers, and drama skits to name a few.

3 ADD-ON TO EXISTING PROGRAMS

Do you have a drug and alcohol presentation during the year? Substance abuse and mental health are very closely linked. Our presentation would make a great addition to your fight against drugs. We would also make a great addition to programs or events related to bullying.

4 BACK TO SCHOOL / PTO MEETINGS

Getting families and the community involved in mental health is one of our goals. By having us available to speak with parents, we could help ensure prevention and early intervention in students' homes.
